

# BSPL LIBRARY NEWS

CONSTRUCTION  
EDITION

## BOOK BY BOOK & BRICK BY BRICK

### PHASE 1 BEGINS!

We are so excited to share that we will break ground on the Library's expansion project on Monday, November 18! This exciting first step of our Master Plan will bring about some temporary changes we want to pass along.

Even though a lot will be going on with the building, you can still visit the library while it is under construction. Patron entrances will include the elevator entrance at the back of the building, the side ramp entrance, and the front door entrance. The back stairs will be reserved for construction workers and staff only.

There will also be times when it will be noisier in the building than usual. We apologize for this disruption, but we know it will be worth this minor inconvenience.

Thank you for your ongoing patronage and your patience while we work to provide a space that will serve our community in the best way possible.

### UPCOMING EVENTS

NOV 17 at 1:30pm

JOIN US FOR THE  
GROUNDBREAKING CEREMONY

NOV 18

CONSTRUCTION BEGINS

### REMINDER

If the construction impacts your ability to come into the building, please call 518-885-5022 for **curb-side assistance**.

Additionally, **if we do need to adjust library hours or close for the day**, we will post that information on our website, on the electronic board out front, and on our social media channels.
