LOCAL history

We lost an amazing friend and advocate last month. Christine was a true champion of the library in all the roles she served. From Village Trustee liaison to the library, Mayor of Ballston Spa to the president of the Friends of the Ballston Spa Public Library, Christine offered her knowledge, kindness and drive to get things done. Her actions both huge and small did not go unnoticed. She will be missed by all who knew her.

Christine was a key contributor to the Library's recent transformation, including the addition of our main floor Reading Room and Local History Room downstairs.

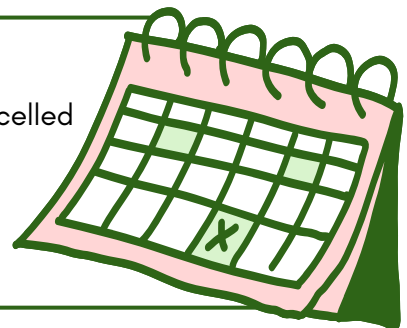

As we work to make the Local History Room as user-friendly and complete as possible, a small committee has been assembled to ensure the collection is accessible to all. Currently, the committee is waiting on a needs assessment report from a historical archives expert. Once this guidance is received, the committee will move forward on projects.

However, our local history isn't only found downstairs! The Reading Room features a small display area where we've been rotating items that focus on our local history. We hope you'll pop in from time to time to see what new and interesting photos and bits of information there are to learn from and enjoy!
